Folding Door Systems

Hardware / Integrated Folding Doors / Screens / Shades

Double your
Doorway

Presenting a Great Upgrade Opportunity

Centor F3 hardware (End carrier)

Presenting a great upgrade opportunity for homeowners looking to replace their current sliding door system.

Our new bottom sill/track system combined with the proven F3 Floor-rolling systems, robust TwinPoint Gen2 Lockset and the door panels allows the traditional sliding door to be removed and new bi-folding (2) doors installed to 'double your doorway'.

Doubling your doorway improves your access and connection with the outdoor living area. It more than doubles the airflow to reduce reliance on air-conditioning and provides fresh healthy air.

Your current sliding door

Benefits include

- Inside-outside living
- Reliable quality
- Fingertip operation
- Screen option available

Your upgraded folding doors

Eclipse Folding Door Systems, a division of **Eclipse Architectural**® Products Ltd.
